"Gifts of The Holy Spirit"

Our identity in Christ is made up of several truths, one of which is our Gifts of the Holy Spirit.

But what are the gifts of God meant to be and how are they intended to be utilized within the Church, both universally and locally?

Does one possess just one gift of the Holy Spirit or multiple gifts over the course of a lifetime in Christ?

How are these gifts recognized in a Believer?

Finally, how does the acquired gifts of the Holy Spirit frame one's identity

Let's pursue these questions and their applications as we as a Chapel this Sunday hear what God's Words imply.

If you want to prepare for this week's message, inspect Romans 12:3-8.

Please invite your friends and Voyager visitors to join us on Sunday – we will be happy to welcome them into our Sunday Worship celebrations!
